

K-Love radio serves a vital role in my community. It not only provides positive uplifting radio but informs the community of upcoming events for local churches. If K-Love was replaced with a LPFM there would be a loss not only with my family's spiritual walk but the bond the community has with each listener. I believe K-Love provides a service no other radio station can provide. It brings the entire nation to my car and home. The public interest is at stake and I would like the FCC to reconsider replacing K-Love with a LPFM/
